What’s special about Jena?

Just five reasons out of hundreds...

- Jena is known as a students’ paradise and a science city.
- A fifth of Jena’s inhabitants are students (around 22,000 of 108,000).
- Around 18 percent of Jena’s students have an international background.
- There is no other place, where you will find this kind of metropolitan flair combined with a small town living appeal.
- In Jena, you are always within a stone’s throw of a gorgeous place to rest, to chat or to walk.
Why studying at the EAH Jena?

Need a few reasons? Here you are!

- International atmosphere – 20 percent of our students come from abroad already
- State-of-the-art laboratories – even high-tech companies use our labs for their measurements
- Practical approach – lab internships are an integral part of our curricula
- High competence in industry – all professors have working experience in their industry
- Excellent support by professors and staff – small groups, very good staff-student ratio

Before choosing classes

Just a few remarks on the specifics of the University’s class schedule.

### Availability of classes

Please consider the difference between available classes in winter and summer semesters:

**Winter semesters (Oct – Mar)**
Classes of the 1\textsuperscript{st}, 3\textsuperscript{rd}, 5\textsuperscript{th} and 7\textsuperscript{th} semester are offered

**Summer semesters (Apr – Sep)**
Classes of the 2\textsuperscript{nd}, 4\textsuperscript{th} and 6\textsuperscript{th} semester are offered

**Exception:** Industrial Engineering (this course starts twice a year and hence all classes are offered each semester)

### Possible conflicts in the class schedule

The class schedule is usually available at the beginning of the new semester. So, it is impossible to say in advance if chosen classes will overlap each other before the class schedule is published.

Although you are allowed to choose classes of different degree courses and semesters, consider that doing so might lead to conflicts in your class schedule. Hence, we recommend choosing classes of the same degree course and semester.

In some cases, it will be necessary to adjust your Learning Agreement after the class schedule has been published. In such cases, we will provide you with the necessary information.

**Procedure for exchange students**

**www.eah-jena.de/exchange**

1. **Nomination**
   - Sending university or programme partner nominate student(s) for exchange with EAH Jena
   - **Contact partner:** Robert Schaef
   - Robert.Schaef@eah-jena.de
   - ☎️ +49 (0) 3641 / 205 167

2. **Application**
   - Application documents are completed by applicants and sent to Robert Schaef by email and post
   - Application forms can be downloaded from website or requested by email

3. **Learning Agreement**
   - All parties (sending university as well as EAH Jena and applicants) conclude Learning Agreement (LA)
   - LA should contain all subjects that applicants want to attend at EAH Jena

4. **Admission**
   - Admission and further information will be sent to the applicants by email and (if necessary for visa application) by post
   - Applicants transfer semester fee to EAH Jena prior to arrival

5. **Enrolment**
   - Enrolment takes place with Robert Schaef in room 01.00.07/1
   - Documents needed for enrolment:
     - Confirmation from health insurance agency
     - Proof of paid semester fee
     - Passport or ID card
     - Rental agreement
Service for international students

Tutor programme

Our tutors help international students to take the first steps in Jena and at the university. The tutors pick up the new students at the train station in Jena, they accompany them to the appointments with the authorities, assist with the enrolment at the EAH Jena and help with general questions. The service is free of charge.
Excursions

In every semester, the International Office organises an excursion for international students who are interested in visiting places in Germany. For these excursions, students will only pay a small participation contribution. Besides the visit of cultural-historical places, industrial and enterprise excursions are regular parts of the programme.
Intensive German language course & cultural programme

Prior to the beginning of every winter semester, a 2-week intensive German language course with cultural programme for the new exchange students is offered by the International Office. The course includes 25 teaching units of different levels and is accompanied by a cultural programme in which the students get acquainted with Jena and each other.
Career Group

Are you looking for an internship or a company for your final project? The International Office offers you a special service, our Career Group. The Career Group supports with preparing your application documents and finding vacancies for internships or final projects. The service is free of charge.
Service for students
by our partner, Studierendenwerk Thuringia
www.stw-thueringen.de/english

Living
• 28 residential homes for students with around 3,500 furnished rooms
• rents from EUR 140 to 330 per month (incl. utilities)

Dining
• 3 dining halls and 6 cafeterias; students eat for reduced prices
• prices from EUR 1.60 to 3.10 per meal

Counselling & insurance
• free social, psychological and legal counselling for students
• free accident and limited third-party insurance as a student

Transportation
• free use of local and regional transportation services (tram, bus, train) with student’s ID card in the state Thuringia
